Dear SLS Superintendents,

We can only imagine some of the many issues you are dealing with as a result of the novel coronavirus and your leadership in protecting the welfare of children and staff. As your thoughts and schedules are filled with those essential responsibilities, we know that the final *Superintendent Leadership Series* session scheduled this year is not one of them.

In our effort to be responsible to you and your time, Leadership Associates has decided to **postpone all remaining 2019-20 SLS sessions** until later in the school year when there will hopefully be more clarity around health, safety, assemblies, and the remainder of the school year calendar. We will work with your County office to determine an appropriate date and your facilitators will be in contact with you in the coming months.

As former colleagues to many of you, and having sat in the high-demand, responsible leadership position you hold for the welfare of a school district, please know our thoughts are filled with best wishes for how you lead in these 'unprecedented times'. Please let us know if we can be helpful to you in any way.

Sincerely,
